

# Engineering

The Faculty of Engineering was established in 1960 and relocated to KMITL in 1974. In 1976 the late King Bhumibol Adulyadej and Her Majesty Queen Sirikit officially opened the Ladkrabang Campus, giving the Faculty the opportunity to showcase its academic research. This cemented our position as one of the most advanced research institutions in Thailand, a status maintained through to the present day.

Currently, the Faculty of Engineering comprises 12 departments with 65 Bachelor's degree, Master's degree, Doctoral and International programs, including pioneering new academic programs - Robotics and AI; Computer Innovation Engineering; and Energy Engineering.

Our Faculty is one of the largest engineering schools in Thailand and our educational structure, lecturing pattern and research framework is recognized nationally and internationally.

Our aim is to be an institutional leader in the field of engineering at international standard levels, through the solid foundation we have built, the sustainability of the programs and the full efforts of our staff members.

Programs:	Bachelor	Master	Doctoral
Telecommunications Engineering	●	●	
Electrical Engineering	●	●	●
Biomedical Engineering	●	●	
Computer Engineering	●	●	
Information Engineering	●	●	
Automation Engineering	●	●	
Control Engineering	●	●	
Instrumentation Engineering	●	●	
Mechatronics Engineering	●	●	
Civil Engineering	●	●	●
Mechanical Engineering	●	●	●
Rail Transportation Engineering	●	●	
Agricultural Engineering	●	●	●
Industrial Engineering	●	●	●
Production Design and Materials Engineering	●	●	
Chemical Engineering	●	●	●
Petrochemical Engineering	●	●	
Food Engineering	●	●	●
Electronics Engineering		●	
Microelectronics Engineering		●	
Construction Engineering and Management		●	
Environmental and Energy Engineering for Sustainability		●	
Defense Engineering		●	
Biomedical Engineering (International Program)	●		
Chemical Engineering (International Program)	●		
Civil Engineering (International Program)	●		
Industrial and Management Systems Engineering (International Program)	●		
Robotics & AI Engineering (International Program)	●		
Computer Innovation Engineering (International Program)	●		
Electrical Engineering (International Program)	●		
Mechanical Engineering (International Program)	●		
Energy Engineering (International Program)	●		
Financial Engineering (International Program)	●		
Automotive Engineering (International Program)		●
