

List of Research Topics in Tokai University Kyushu Campuses
【Graduate School of Agriculture】

Course of Agricultural Sciences	
Supervisor	Field of Research
Jun Abe	Crop Science
Tomohiro Araki	Protein Chemistry
Shuichi Ito	Applied Animal Behaviour
Kazuhiko Imakawa	Molecular Reproduction in Implantation and Placentation
Chinobu Okamoto	Grassland Ecology
Masateru Ono	Natural Products Chemistry
Tatsuo Kawarasaki	Animal Reproduction
Ryoji Nagai	Elucidation of the Progression Mechanism of Lifestyle-Related Diseases and its Prevention by Natural Products
Ikuo Hattori	Animal Nutrition
Yoshikazu Hoshi	Cytogenetics
Asana Matsuura	Crop Science/ Crop Physiology and Ecology
Kouhei Murata	Pest Management
Shin Yasuda	Functional Food Chemistry/ Food Science
Hiroshi Yamaguchi	Peptide and Protein Chemistry
Hideji Yamashita	Functional Genomics
Masahiro Yoshida	Plant Pathology
Kazunari Yoneda	Biochemistry
Hideki Kinoshita	Applied Microbiology
Hideyuki Takahashi	Plant Metabolism and Physiology
Yasushi Matsuda	Plant Cell Technology
Hirokazu Matsumoto	Animal Genetics
Takahiro Kawanabe	Vegetable and Ornamental Horticulture
Yu Masuda	Plant Breeding
